SALE INFORMATION

HELMSMAN AUCTION SYSTEM

The Bullamakinka Annual Bull Sale will be conducted under the helmsman system in conjunction with Auctions Plus. The sale will commence on Auctions Plus on Wed, 13th Sept and concludes at Bullamakinka on sale day on 19th Sept at approx. 1.00pm.

Bidders attending the sale have the option of bidding on-line using the Auctions Plus platform or alternatively, registering a bid card and agents/Auctions Plus representatives will record the bids. The helmsman sale will operate under the Auctions plus system simultaneously on-property and on-line concluding approximately 1.00pm.

ANIMAL HEALTH

Bulls are vaccinated for: ✓ 3 Day Sickness ✓ 7 in 1 ✓ 3 Germ Blood ✓ Vibrio ✓ Crush side semen tested and Morphology Tested

INSPECTION

Bulls will be penned for inspection in the afternoon before the sale. Please contact the vendors if you wish to arrange an earlier inspection.

SCANNING

All sale lots were scanned by Paul Kenny. He independently measures IMF, Scrotal Size, Eye Muscle Area, Rib and Rump Fat.

SUPPLEMENTARY INFORMATION

Bull weights, ADWG, Scans and Semen Results will be available from Wednesday, the 13th of September.

SEMEN TESTING

Sale Bulls will be semen tested by Paul Kenny for Motility and Morphology and certificates are available on request.

OUTSIDE AGENT REBATE

A 3% rebate will apply to outside agents introducing clients in writing to Simstock Rural Agencies within 24 hours prior to the sale, and settling on their behalf within 10 days of sale. Agents must accompany the client to view bulls prior to or on sale day to claim the rebate.

FREE FREIGHT

Free freight to local areas and other areas considered on request so please contact vendors or our agent to discuss free delivery options.

BREEDING GUARANTEE

The vendors guarantee that bulls purchased on sale day are fertile and guaranteed to get you calves. Our bulls have been semen and morphology tested and passed both tests prior to sale day. The vendors guarantee, in the unlikely event of infertility, that the buyer contact the vendor within six months of the sale date to arrange a replacement bull/refund or bull credit on your purchase price (without associated costs or damages). Any claim needs to be lodged with a relevant veterinary certificate.

NLIS TRANSFERS

Sale bulls will be transferred to their nominated PIC for the buyers convenience.

DISCLAIMER

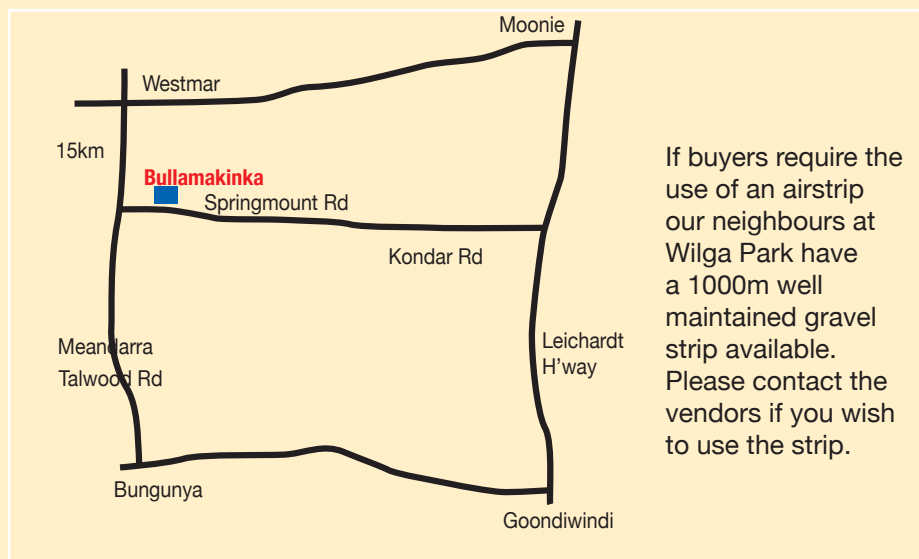

The vendor has produced this catalogue with every effort to ensure the accuracy of the information, however will not be responsible for any errors or omissions.

RISK & RESPONSIBILITY

Any person attending this sale does so at their own risk and the vendors assume no liability, legal or otherwise, for any injury, accident, loss or damage to any person or property. Refer Sale Safety Section.

SALE SAFETY

All our bulls are selected on good temperament and are quiet to handle under normal conditions. On sale day, many people enter bull pens for inspections and can place additional pressure on the bulls. This could result in the quietest bull doing something unpredictable and we advise people enter the bull pens at their own risk and only when necessary. No children are to enter the bull pens. We ask that you do not enter inside the pens unnecessarily and if you require an inspection of the bulls please ask a stud representative or the selling agents. The sale yards have been designed for ease of inspection for bidders including a central lane way system with small numbers of bulls in large pens.

BULLAMAKINKA

INTRODUCTION

The Hindle family extend a warm welcome to all attending our first on-property helmsman bull sale at Bullamakinka, Westmar. We have adopted the helmsman system as we believe it offers the commercial buyer greater bull buying choice with the bulls being offered simultaneously. The sale will also offer buyers the opportunity to bid on bulls on-line via Auctions Plus if they are unable to attend the sale. Should prospective bidders require, inspections can be arranged prior to sale.

We are very happy with our selection of bulls this year and most of the bulls are classified and polled.

The Bullamakinka draft of bulls have been prepared on oats since May and prior to this prepared on pasture and silage when the season dictated and are presented in a very fit & healthy condition as supplementary feeding has been kept to an absolute minimum. Bullamakinka is represented this year with mostly classified "S" bulls and many polled or scurred.

They are mostly sired by our stud's leading sires, Canowindra Gold Edition and home bred sire, Bullamakinka G230(PS), an impressive son of Warenda Sentry.

In addition we have the first sons of Yarrowonga Diplomat(P) purchased for \$34000 in 2014 and has some impressive sons in the sale draft.

The Bullamakinka sale bulls have been carefully selected to present our best line up of bulls available with the highest growth for age and easy finishing ability on the oats crop which have been selected out of the much larger draft. The sale bulls are morphology & motility tested and must pass both tests to be offered for sale.

Our stud is based at "Bullamakinka", a 5300 acre improved brigalow/belah property situated in the North Bungunya/Westmar district. We expanded our stud operation in 2012 with the purchase of a 9000 acre improved property, "Cherry Park" situated at Westmar.

The Bullamakinka stud was originally commenced with the grading up of Eidsvold Station females and the purchase of select stud females from Erin Vale, Kelly Wallah, Moongana, Santa Park, Douglas, Yarrowonga Waco, Rosevale, Marston, Kolodong, Wave Hill, Warenda, Deepbank, Cardona and recently Killarney stud cows.

This season, we will join approximately 750 stud cows & heifers with our leading sires and

implementing an AI program to introduce new genetics. Despite having a good size stud breeder base, we intend to retain and offer a limited number of our bulls at our sale each year which allows us to be harder on bull selection to concentrate on producing high quality bulls. We are committed to producing easy doing fertile, soft santas with good muscle, frame, bone, type with slick tropical coats.

This year, our website www.bullamakinka.com.au will be updated with videos and photos in August with the catalogue available online. If you are interested in inspecting our bulls prior to sale you are most welcome.

Please contact Craig Hindle on 0427 036 052 or email chindle@westnet.com.au. Please note that these sale bulls will require 3-day/7in1/vibrio vaccination booster shots in January each year. We wish you well with your purchases today and remind you that our bulls are fully guaranteed.

Craig Hindle 0427 036 052

FUTURE SIRES

The Bullamakinka stud has invested heavily over the last two years with major investment in new sires to broaden our genetics further. Some of the sires purchased in 2015 include Dangarfield X-Box(P) purchased for \$62000, Rosehill Jameson(PS) for \$45000, and top price bull at Brisbane Valley, Tyndale Kidnap(P). In 2016 Bullamakinka acquired Dunlop Quentin for \$16000, Waco Flynn \$55000 and Celamba Felcon(P) for \$26000. We look forward to offering progeny of these sires in addition to retained Bullamakinka sires in the future.

Dangarfield X-Box(P)

Rosehill Jameson(PS)

Tyndale Kidnap(P)

Dunlop Quentin

Waco Flynn

K84(P)

K476(P)

SIRES

CANOWINDRA GOLD EDITION

Gold Edition has been a magnificent sire for Bullamakinka represented by his sixth season of sale bulls with 14 typical tropical sons on offer. Gold Edition has grossed well over a \$1M in sons sold with last year's sale of 22 bulls selling for over \$10000 average. Due to his age and being injured there will be very limited opportunity to secure Gold Edition sons in the future. Lots represented (8,25,32,35,37,41,42,44,45,46)

BULLAMAKINKA G230 (PS)

G230(PS) was retained at Bullamakinka and is one of our senior sires. He is one of the best Warenda Sentry(P) sons we have bred and he is breeding very well for us with this crop of eleven quality sons being his fourth season of sale bulls produced. Lots represented (1,2,3,5,9,10,19,22,31,34,36,)

BULLAMAKINKA H114 (P)

A big volume Gold Edition polled son that was retained with first sons selling well in last year's sale. One of the biggest bulls we have bred with growth both sides of his pedigree he weighed 954kgs at 21 ½ months off oats, progeny are very thickset and trim in the sheath. Lots represented (11,13)

TYNDALE HUSTLER (P)

Tyndale Hustler(P) was purchased at Heartland sale for the top price in 2013 for his thickness, weight for age and pedigree. His first drop of calves sold well last year and we use him mostly as a heifer bull.

YARRAWONGA DIPLOMAT (P)

Purchased at Yarrawonga in 2014 for \$34000, Diplomat has been a very good sire for us producing progeny with thickness and good temperament. He has produced ten bulls for this year's sale and is crossing well over Gold Edition females. Lots represented (6,7,21,26,27,28,30,33,39,40)

We are very impressed with the first drop of Diplomat sons with nine quality sons represented this year. In addition we have retained a Diplomat son, M78(P) which we regard highly and is a $\frac{3}{4}$ brother - to lot 6, M22(P).

BULLAMAKINKA J94 (P)

J94(P) is an AI son of Chaparrosa Peter Pan (USA) and has grown to be a big bull and has thrown consistent progeny with one son, M348(P) retained as a sire at Bullamakinka. Lots represented (29,43,47)

LOT 1 *Bullamakinka* **M190**

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale. (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting a sale. (c) A buyer is bound by these terms and conditions by bidding at auction.
2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the Act and context permits, the vendor's stock and station agent.
 (b) When used in these terms the expressions "companion animals" means all animals originating from a property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
3. These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer.
7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole

arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interests of the vendor and need not give reasons for doing so. The minimum bid for liveweight selling is 0.2 of a cent (\$0.002).
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. Successful bidders. The actual successful bidder at an auction sale must give to the auctioneer or an employee of the auctioneer at the fall of the hammer: (a) The purchaser's name; or (b) The name of the person on whose behalf the successful bid was; and the (c) PIC of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
13. As soon as practicable after the fall of the hammer, the buyer shall sign the agreement for sale (if any).
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any stock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer.
16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for stock

purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer. (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing. (c) All stock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
 (b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of: (i) Delivery is taken by a representative of the buyer; (ii) Departure of the animal from the purchaser's delivery pen; or (iii) One hour after the last animal is: • In the case of pre-sale weighing, sold; or • In the case of post-sale weighing, weighed.
 (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen. (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold at such price as the purchaser and the agent may agree. (e) This sub-clause applies to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.
19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE CONT...

are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise. (b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time. (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner the female was pregnant on that date. (d) For cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard account to the purchaser's account on the NLIS database no later than midnight on the day of the sale (e) Where livestock have a food safety or market eligibility status derived from the NVD and/or the NLIS/ERP database, the agent will inform the buyers by pre-sale catalogue in conjunction with vendor branding and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the purchase money, then until full payment is received, the buyer: (a) Does not acquire title to the stock; (b) Holds the stock as bailee only for the vendor; (c) Must act in a fiduciary capacity in its relationship with the vendor; (d) Must store the stock separately or so that they are readily distinguishable from other stock owned by the buyer; (e) Is responsible for the safety and well being of the stock; (f) May make a bona fide sale for market value of any or all of the stock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and (g) Must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.
21. In addition to clause 20, if payment is not made according to clause 15, but delivery has been made to, or possession obtained by, the buyer or its representative: (a) The vendor or its agent may repossess and resell the stock and enter property owned or occupied by the buyer or its representative if necessary to do so; and (b) Interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.
22. The buyer may not make any claim against the vendor for actions by the vendor under clauses 20 or 21 and indemnifies the vendor against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
23. Wherever the auctioneer pays the vendor before being paid by the buyer, the auctioneer is the del credere agent of the vendor and the parties acknowledge that all rights of the vendor as reserved hereunder are fully subrogated to the auctioneer. Nothing in these terms

and conditions shall render the auctioneer in any way whatsoever liable to the buyer as vendor nor entitle the buyer to set off against the auctioneer any right the buyer may have against the vendor or otherwise.

24. The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

CHAPTER THREE - WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

25. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
26. The warranty of a vendor is that livestock and their companion animals offered for sale at auction: (a) Pass AQIS and other regulatory authority requirements and inspections at the time of slaughter; (b) Are of merchantable quality; (c) Carry an NLIS device in accordance with State law; (d) In the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the National Vendor Declaration, the livestock will have those characteristics or will be fit for the particular purpose or market; and (e) All information in any National Vendor Declaration provided by the vendor is true, complete and correct in all material respects.
27. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the vendor's agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the purchase price of such of the vendor's livestock to which the breach applies.
28. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
29. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
30. Where a sentinel animal of a lot tests positive for chemical residue, and provided such test is certified and notified as required by these vendor warranty terms, then: (a) The buyer will be entitled to delay payment for the price of all livestock in that lot; or (b) The vendor has the option, at the vendor's cost, of collecting the companion animals and returning them to the vendor's property; or of having the stock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
31. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of: (a) Any error, by the auctioneer, of transcription of information from the National Vendor Declaration completed by the vendor to the pre-sale catalogue or

the buyers post-sale summary; (b) Any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and (c) Any failure by the auctioneer to disclose prior to bidding, and in the pre-sale catalogue, that the vendor has failed to provide a National Vendor Declaration that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

32. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
33. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by AQIS. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the AQIS certificate, existed prior to the fall of the hammer.
34. A buyer with the benefit of owners risk protection is not liable to pay the purchase price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
35. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied: (a) A certificate is issued by AQIS which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer; (b) The certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and (c) If the condemnation is due to chemical residue the certificate follows testing in an AQIS approved laboratory which establishes maximum residue limits in excess of the Australian limit.
36. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following: (a) Bruising, (b) Fever, (c) Partial Condemnation, or (d) Emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY STATE LEGISLATION

NSW Legislation

Property, Stock and Business Agents Act 2002 Warnings Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following: (i) To abstain from bidding; or (ii) To bid to a limited extent only; or (iii) To do any other act that might prevent free and open competition. Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.
